Message from Mr. Yao Jing,
Chinese Ambassador to Pakistan

I am glad to learn that ISSI launches its special edition of PIVOT Magazine with the theme of "China-Pakistan Combating COVID-19 together". The world is at a critical juncture with the challenge of COVID-19. China and Pakistan are all weather strategic cooperative partners with a tradition of mutual assistance and support. Fighting jointly against COVID-19 has once again showed that the two countries are true friends and brothers sharing weal and woe, and contributed to our commitment of building a closer China-Pakistan community of shared future in the new era. China will go through the difficulties together with Pakistan and we believe our friendship will grow stronger in the future.
